meeting between the track athletic teams representing the University of California and Yale University was held here this afternoon. In spite of the fact that the day was raw and made more disagreeable by a high wind, there was a large number of spectators in attendance.

The track and field are in first class shape for the events, but the strength of the wind augured ill for an attack on records. The Westerners, nine in number, appeared to be in the pink of condition and expressed themselves as a unit in the confidence of victory. There were twelve events scheduled. Before the games began, the rivals and their leaders conceded five events to a side as certain, with the hanging upon two uncertain events. The scoring was by firsts in each event. Results:

One hundred yard dash-Cadogan, California, first; Richards, Yale, second. Time, 10 3-5.

One hundred and twenty yards, hurdle-Thomas, Yale, first: Hamlin, California, second. Time, 16 4-5.

Mile run-Weston, Yale, first; Speer, Yale, second. Time, 4:46.

at Morris Park opened today with ideal weather for the sport, although the chilly spring breeze prevented the usual display of spring costuries in the stand. The meet is to last three weeks, and judging from the horses stabled at the track the sport will be unusually fine. The track is in splendid condition and the entries for the opening day promises line racing.

The feature of the card today is the Metropolitan handicap, the first of the class of the year. A field of tweive is entered, as follows:

Make the Day a Success.

EMERYVILLE, May 5.—This is Derby Day at the Oakland Racetrack. Society people furned out in large numbers so that Fabiola. Hospital might be benefited by their presence.

Thomas H. Iwilliams Jr. hald kindly set astde this day at the track so that Fabiola. Hospital might imcrease its revenue to continue its good work in the community. The Hospital Association was well represented at the track and all present scened to take a deep interest in Derby Day. There was no set affair at the track outside of the races. Many of the ladies and their escorts arrived in carriages early in the afternoon and then occupied seats in the grand stand.

Mrs. John Yule, president of the Association was early on the scene and bid welcome to her friends. The other managers of Pabiola were also in attendance and took quite an interest in the races.

The great feature of the day was the gentlemen's race, for which a beautiful loving cup was offered for the winner. The entries are: Clarence Pollis, Duke of York H; Charles Pugh, Monita; F. Dieckman, O'Connor; C. D. Battos Jr., Socialist; J. M. Dunn, Romany.

Among the prominent society people who are interested in the success of the Fabiola Frospital, many of whom were at the track this afternoon, are:

Mrs. S. T. Alexander, Mrs. Henry D. Bacon, Mrs. W. E. Beck, Mrs. Albert Frown, Mrs. J. T. Carothers, Mrs. T. F. Chapman, Mrs. Q. A. Chase, Mrs. Thos. Crellin, Mrs. Charles M. Cooke, Mrs. William R. ROBERTS' ADVANCE.

Entire British Army Is Now Marching on Pretoria

Associated Press Dispatches by
The Tribune's Special Leased Wire.
NEW YORK, May 5.—A dispatch to the Tribune from London says:
Some military writers refer to Brandfort as General Roberts' objective in the operations of the last ten days and describe lun Hamilton's advance at Hout Nek as a feint to draw off the Boer forces from the railway. This theory is hardly in accordance with the facts, since the fighting at Hout Nek and Thaba N'Chu has been too serious and protracted to be regarded as a feint, and as Brandfort has not been held by the Boers in sufficient strength to render its capture a difficult operation at any time. Gen. Roberts' chief object during the remainder of the campaign cannot do anything less than a continuous advance across the Vet and the Vaal and over the Witwatersrand to Pretoria, and in accomplishing his purpose he will vary his methods and follow the line of the least resistance. His operations cannot be conducted at a great distance from the railway, upon which he must depend for supplies, and naturally the course of the army will be a series of curves and zigzags, crossing and recrossing the Bloemfontein-Pretoria, single track line. During the last few days force has been alternately applied at Karree and at Hout Nek, at each end of Roberts' line of advance, and the Boers have been driven back at points thirty miles apart. Resistance having been overcome at both ends, the advance upon Brandfort and the turning movement toward Winburg is continued with the ratural effect of driving the Boers away from Thaba N'Chu and breaking up their plan of drawing the British after them to dadybrand and the mountainous district.

LORD ROBERTS' ADVANCE

Associated Press Dispatches by
The Tribune's Special Leased Wire.
LONDON, May 5.—Lord Roberts is extendently losing no time in following up the substantial advantage gained by the occupation of Brandfort, and his whole force is apparently moving on Winburg. The place mentioned in Lord Roberts' dispatch to the War Office this morning as "Neal Welkot" cannot be found on the maps, and it is likely that it is a cable error for "Nearwet Kop," in which General Ian Hamfieon seems to be midway between Houtnek and Winburg and Asthus got between Winburg and General Colivier's command from Wepener, which is occupying Thaba Patchoa. Between Thaba N'Chu, Ladybrand and Winburg the country is rough and suited for Boer tactics, so the British are liable to be considerably barnessed before they capture the stronghold.

Expents differ as to whether Lord Roberts is bound toward Kroonstadt or in the 'direction of Bethlehem. The latter place is the terminus of the line joining with the Natal Talfroad at Van Reenans Pars, and 'the capture of that place would

Pass, and the capture of that place would probably compel the Boers to leave the Drakenburg range and thus open the way for General Buller's advance. The Brit-ish will have to repair the bridge over the Vet before the radiroad between Brandfort and Winburg can be available.

SHOT AT SCHREINER.

Associated Press Dispatches by
The Tribune's Special Leased Wire.
CAPE TOWN, May 5.—The South African News says that a policeman who was guarding Premier Schreiner's house has been shot, ladding that the policeman was smoking a cigar at the time, upon which fact is based an assertion that the bullet was evidently intended for the Premier, who is an inveterate smoker.
The African bund papers are making a sensation out of the affair, declaring an anti-Dutch plot is on foot.

A Free Trial Package Sent By Mail
To All Who Write.

Free trial packages of a most remarkable remedy are being mailed to all who will write the State Medical Institute. They cured so many men who had battled for years against the mental and physical suffering of lost manhood, that the institute has decided to distribute free trial packages to all who write. It is a home treatment and all men who suffer with any form of sexual weakness, resulting from youthful folly, premature loss of strength and memory, weak back, varicocele, or emaciation of parts can now cure themselves at home.

The remedy has a peculiarly grateful effect of warmth and seems to act direct to the desired location giving strength and development just where it is needed. It cures all the ills and troubles that come from years of misuse of the natural functions and has been an absolute success in all cases. A request to the State Medical Institute, 50% Elektron Building, Fort Wayne, Indiana, stating that you desire one of their free trial packages will be compiled with promptly. The Institute is desirous of reaching that great class of men who are inable to leave home to be treated and the free sample will enable them to see how easy it is to be cured for sexual weakness when the proper remedies are employed. The Institute makes no restrictions. Any man who writes will be sent a free sample, carefully sealed in a plain package to that its recipient need have no fear of embarrassment or publicity. Readers are requested to write without delay.

General Otis, commanding in the Philippines, acted tuity within his Jegal authority in ordering the dismissal of Major
George W. Kirkman, Forty-ninth Volunteer Infantry, and three other officers in
execution of sentences of courts-martial
and conviction of various infractions of
the articles of war. This opinion carries
with it by implication the idea that a
state of war exists in the Philippin

field would not have final jurisdiction in
a court-martial case involving the disgrace of an officer of the army.

SUES RAILROAD FOR DAMAGES.

E. C. Robinson and Louis II. Sharp, attorneys for Percy Ward, have commenced suit in behalf of their client against the Oakland, San Leandro and Haywards Electric Railway for damages resulting from a car of the defendant running into the milk wagon of plaintiff while crossing East Sixteenth street and Sixth avenue in East Oakland upon the morning of November II, 1899. It appears from the complaint that the plaintiff was thrown from the wagon upon the pavement and received permanent internal, besides external injuries, and over since then has been under medical treatment. He asks judgment for \$5,000 damages to his property, and \$100 medical services, and costs of suit.

REPLY TO THE CITIZEN'S COMPLAINT. CITY CHARTER AND

CITIZEN'S COMPLAINT.

ALAMEDA, May 5.—The Encinal tonight will say:

"It is difficult to see how the dumping of garbage at the Webster street bridge and on the mursh can discommode Oakland citizens, unless indeed they take the trouble to go to the spot and inhale the rodors, which, it must be confessed, are scarcely comparable to the spicy breezes that blow soft o'er Ceylon's sile. It is true people passing by on the cars get a whiff that is not particularly agreeable, but it is only momentary, and when one considers the benefit that is derived from this use of the garbags, he can put up with slight discomfort. It is a matter that will speedly remedy itself, as the bridge approach will not require any great length of tine for completion, and in the meantime Oakland passengers who object to the orders can go around by Twenty-third avenue on the electric cars."

COMPLAINT MADE BY CITIZENS.

Retires as Assistant in Do Not Like to Have Garbage Dumped on Flats.

ALAMEDA, May 5.—"There is no need for complaint about the way we handle garbage near the Webster street bridge," declared Superintendent Frodden last night. "There are lifty loads dumped the rear there, but it is disposed of with great care. All offal or other objectionable matter goes into the slough, two men being employed constantly to sort over the garbage. As fast as garbage is dumped where we are filling in by the approach cinders are poured over it. I have two teams employed hauling cinders, and at night the fill is covered with this material a foot thick, so that it is absurd to claim that there is any nulsance arising from the odor.

"When the place by the bridge has been filled up with garbage the whole is to be covered with three or four feet of cinders and earth, and then I would defy any one to tell that any garbage was ever dumped there. It makes the best kind of a 'fill.' Day before yesterday two big loads of marrow strips of tin, clippings from a factory, came over and went into the hole. The mass glittered dazzlingly in the sun. There can be no better foundation on the mud than that."

THE RAIN A BENEFIT.

Associated Press Dispatches by

The Tribune's Special Leased Wire.

SAIN JOSE, May 5.—There iwas a heavy shower here albout 2 o'clock this morning, the precipitation to 8 A. M. amounting to 22 inches for the preceding twenty-four hours. The total for the month of May is 44 inches for the season 4.84 inches. Same date last year, 42.42 inches.

The continued cloudy and showery weather is liable to higher hay which is cut. Generally speaking, the season is a month in advance of fast year, as rain came early last fall. Is a result a large amount of early sown hay is on the ground or in the shock. Late sown hay will be greatly benefited, so will the orchards and all kinds of vegetables and vines. Even if some hay is destroyed the aggregate loss will not be great, as there is much left over hay in the valley from last year and an increased price and market will make up for the loss. While much fruit has been damaged by frost, the outlook is for a full average crop if the season continues favorable. Prunes are not so heavy as was at first believed they would be, and apricots have been dropping, but the estimate is for a full average crop.

PECULIAR CASE OF **INSANE PATIENT**

J. J. McCormick, a blacksmith residing at 955 Thirty-seventh street, was committed to the Napa Insane Asylum by Judge Ellsworth today. His medical examination was conducted by Drs. Sanborn and McCormick is 43 years of age. For a number of years he has been foreman of a blacksmith shop in San Francisco. About two years ago he lost his mind and was supposed that his mental derangement was the result of overwork. A few months later he was discharged from the asylum and returned to his home.

Last Wednesday about midnight Folice Officer Cox noticed McCormick walking about the streets carrying a bundle of shingles on his shoulder. When asked what he was doing McCormick replied that he was trying to find his home. He appeared to be so bewildered that he did not know where he was going. The officer asked him where he resided and escorted him to his home.

McCormick continued in such a state of mental inactivity at home that his wife decided to have him examined by the Lunacy Commissioners. She accordingly brought him to the Receiving Hospital this morning for that purpose. McCormick is not a drinking man. He simply appears to forget things.

COUNCILMEN DID NOT APPEAR.

The License Committee of the City Council is said to be suffering from a severe attack of "cold feet." They were to have counted the cash in the city treasury today, but although Treasurer Glipin waited for them till long after moon they did not put in an appearance. It is supposed that they became frightened at the addoust task of counting \$175.000 in coin and backed out. The law requires that the cash shall be counted every quarter, but it is now five months since the committee performed that duty.

Asthma's Clutch GENERAL OTIS' HOMECOMING.

Often it seems as though someone was clutching the Was Expected to Remain **Until Commission** Arrived.

Associated Press Dispatches by
The Tribune's Special Leased Wire.
NEW YORK, May 5.—A special to the
Tribune from Washington says:
General Otis will leave Mannia this (Saturday) morning on the transport Meade
for San Francisco. He was expected to
remain in command in the Philippines at
least until the arrival of the Taft commission, about May 20th, and his precipitate abandonment of his post at this time
is rather mystifying to the War I partment. The first intimation received from
him of a change in his plans came in an
urgent cable dispatch yesterday (Friday)
requesting to be relieved. The request
was promptly granted, and by the Fresident's direction a reply was sent by General Corbin directing General Arthur
MacArbur to assume commend. General
Lloyd Wheaton was designated to succeed General MacArthur in command of
the Department of Northern Luzon. Another cable dispatch to General MacArthur from General Corbin was as follows:
"Orders of the President assign you to
succeed Elwell S. Otis. Secretary of War
desires that his departure be attended
with all military honors."

That General Otis has had in contemplation for some time this sudden departure is the conviction of officials now
that an explanation is given for the delay
in the departure of the Meade from Manila. That versel was scheduled to sail
on May 1st, and it is known that she was
ready to sail on time. General MacArthur, who had been on an inspection tour
in the South, has only returned to Manila. General Otis could not start until
his return, and therefore held the ship.
The Meade is one of the fastest ships in
the service and should reach San Francisco by May 26th, so there will be nothing to prevent the arrival of General Otis
in Washington by the last day of this
month.

The War Department authorities Insist
that the return of General Otis will surrely get
the vacancy in the grade of Major Gencral on June 16th caused by General Merritt's retirement.

Critical Times for Girls.

The first critical period in a woman's life comes at the pass ing of her girlhood. In nine cases out of ten where disease fastens itself upon her it does so at the line of demarcation between girlhood and womanhood. How to preserve the daughter's health-how to ward off disease at this crisis is the problem that confronts every mother of girls.

Dr.Williams' Pink Pills for Pale People

are the best remedy to use at this critical period. Read this sworn statement of Mrs. J. M. Riggs, of Carterville, Mo.

"My daughter Josie during the winter of 1897-93 suffered a complete break-down in health. She was thin and pale, had no appetite—in fact, some days barely tasting her food. Those who knew her condition said she was going into a decline.

"On the advice of a neighbor, we began giving her Dr. Williams' Pink Pills for Pale People. The effect on her condition was marvelous. Before she had taken half a box her condition was improved, and she kept on gaining appetite, strength and flesh until she was entirely well. She took three boxes of the pills and to-day there is not a healthier, more robust looking girl in Carterville. She is fleshier and healthier than ever before in her life."

Mrs. J. M. Riggs.

Subscribed and sworn to before me a Notary Public, this 15th day of October, 1898. WILLIAM WOLCOTT, Notary Public.

Dr. Williams' Pink Pills for Pale People are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' Dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, all forms of weakness, in either male or female.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent, postpaid, ou receipt of price, 50c. a box or six boxes for \$2.50 (they are never sold in bulk or by the roo) by addressing Dr. Williams Medicine Company, Schenectady, N. Y.

SCIENTIFIC FARMING

conducted on a scientific basis if in the touch with the markets of the East, and coming years it is to be as profitable as this fact alone will far more than recomit has been in the past. It is true that the advanced thinkers among our farmers realize this and every year the University sends out graduates who are qualified with up-to-date ideas; but, at the same time, the bulk of our farming markets cannot consume our products industry continues to be carried on in such a manner as to impoverish the and to ship to the Eastern points of soil, without any effort to replenish its supply entails such a big cost for transenergies. The outcome of this policy is already seen in the exhaustion of some business. The railroads cannot well be districts and ten years hence, if the pres- blamed for this condition of affairs, for ent course proceed unchecked, will be they cannot profitably operate their lines even more apparent. Our State Board of below a certain figure, and as the ship-Agriculture declares officially that the pers cannot meet it without less to themneglect of the grain raisers to restore fertility has already in some sections resulted in reducing the productive capacity by one-half. The question of sustaining the vigor of our soil has therefore become an important one, and we must ment. This consideration alone is the all look abroad if we are to gain by the ex- important one to us as regards the canal, perience of other communities.

By the system of rotation of crops much might be accomplished, as actual work in this State has shown, and now the State Board is itesting phosphoric acid as a fertilizer, such as has been used with success in South Australia, and from which more satisfactory results are when the proper commercial avenues are expected than from any other method. The cereals grown on lands thus fertilized will be exhibited at the State Fair proportion. The voice of opposition this year and the yield compared with cannot, therefore, carry much weight samples grown on adjoining unfertilized here when the situation is considered tracts, so that the agriculturist will in all its aspects, and it is no have before his eyes pulpable evidence of exaggeration to say that nine-tenths, or this new method. In the meantime it is even more, of the people of California are interesting to know that in South Aus- in favor of the canal and endorse the tralia, on lands so treated, the crop was action of Congress in having made the doubled and farms that had sunk to a first vital step towards its construction. production of seven and eight bushels from a former yield of twenty to thirty to the acre, showed an astonishing renewal of vigor. The farming lands of that country, it should be noted, have not been cultivated for so long a period as ours, though they were cleared from the wilderness and were virgin soil to begin with, just as ours were. It behooves us, therefore, incidentally, to take warning from the conditions there and not to pursue the practices which have been demonstrated in South Australia to have been so pernicious.

The Farmers' Institutes now in session should give this subject the benefit of thing if Chief Sullivan across the bay their own experience, for it is an important one and means dollars and cents, if footpad who not only robs, but wantonnot actual bread and butter, to every ly shoots his victim, deserves no more tand-owner.

THE AFTERNOON PAPER.

The remarkable growth of the evening newspaper in America is attracting the attention of the entire publishing and advertising sections of the community, and this development, it is observed, is not confined to the United (Sates, but is general. The morning journals everywhere are declining in business, circulation and influence. The statistician of the Newark, N. J., Advertiser, a newspaper of great weight in national affairs, recently stated without reservation that except on Sunday the afternoon publications alone are those that are carefully read by the public. Paris, he pointed out, no longer has any morning papers of influence, and in London four of the once great journals are living on reputations gained in the past. In New York the Evening Journal and World have a circulation thrice that of the morning editions, and the Evening Sun sells twice as many copies as are sold of the parent paper founded by Dana. So, too, in Boston, Chicago, St. Louis, Brooklyn and Cincinnati.

The reason for this new development in journalism is not difficult to find. Nearly all the important events of the world and, with rapid presses to print the news delivered by an improved telegraphic service, the afternoon paper gives the cream of the world's happenings within a short time of their occurrence. There is no long delay of twelve hours or more. This condition of affairs in the East is intensified on this coast, where at 4 o'clock in Oakland it is already 6 in Chicago and 7 in New York. There remain only the crimes or amusements of the night to chronicle and these cut but a small figure in the real news of the world. Consequently everything of importance is covered by the evening papers, and the journals of the next morning can do no more than reprint what was published the day

The advertisers have not been slow to ealize this. What they want is to reach the home circle, and they have found that the evening paper is read around the family table while the morning paper is not. The morning paper is either taken from the house to the office before the family sees it, or is bought on the way and after a cursory glance at its contents is laid cated a counterfeiting plant in the hills morning paper is the paper of yesterday, back of Hanford. That is the kind of while the evening paper is the paper of today, is borne home more and more forcibly alike to the advertising and to the reading public.

DIVORCED ONCE AND MARRIED TWICE.

May 5, 1900.

Yesterday afternoon a license to marry was issued to Morris Naftaiy, aged 31, and Sarah Naftaiy, aged 26, both of San Francisco. They had been married before, but were divorced. After two years of uneventful single blessedness they called on Cupid Crooks to issue the necessary license. Nattaly, despite his eagerness to resume the bonds of marrimony, was slightly anxious concerning the cost of the license. He approached Clerk Crooks in a quiet, hesitating manner, and inquired in a low voice what was the lowest price a dicense could be obtained for. On receiving the reply that St would do, Nattaly produced the money and received the license, departing with a happy smile. the li

EMPLOYERS LOOK OUT.

A Change in Food Doubled the Wages.

The manager of a certain large publication, who deprecates the use of his name in public, has experience a curlous change in his general character by reason of a change in the cells of his brain, brought about by a change in food, and his experience is interesting, as given in his own

"I'm to a short time ago. I was always known, both to myself and friends, as a very mild sort of individual, obeying literthe Scripture injunction to "turn the other cheek,' and let people run over me generally, with a spirit of thankfulness, that I was permitted to be alive.

"Along last fall I changed my diet, leaving off coffee entirely and taking up Postum Food Coffee and Grape Nuts breakfast food. I had learned that these articles both contained the fine particles of phosphates of potash and albumen that nature uses to build the gray matter in the brain and nerve centers, so I determined to see what effect they would have

"It was not long before I discovered "It was not long before I discovered that I had changed in a most remarkable manner. My old mother wrote me that there was a great deal more 'spunk' in my letters than she ever saw before. I began to vigorously 'kick' at any injustice. I am about instituting a oriminal libel suit against a party who supposed I would stand anything. I send a dish back that is not cooked right, about three times a week. On the 31st of December back that is not cooked right, about three times a week. On the 31st of December last I demanded double wages for the coming year and found I had backbone enough to lay down M I didn't get itand I got it. I get clean sheets twice a week now. They used to take the upper sheet and put it under once a week. "I am able to do five times the brain

work that I ever have before. In fact, I can get about anything I want nowadays, and, to top it all, am perfectly well. A new world has been opened to me, and I know exactly where the change has come using a food and drink that have changed my whole brain and body. You can use this letter, but don't use my name, for obvious reasons

TEMESCAL CRANCE TO CHANGE NAME.

Temescal Grange, No. 35, P. of H., one of the oldest fraternal organizations in this city, is about to change its name. As soon as permission is granted by the national organization it will become Oakland Lodge, a name that is considered more appropriate by its members as the

odge includes the whole city. Organized in 1873, Temescal Grange was one of the pioneer fraternal organizations of the county and has included in its membership many of the people whose names will always be inseparably connected with the early settlement of Alameda

Of late years younger and more vigor-bus societies have sprung up and as death claimed one after amother of its members the old grange has lost much of its for-

mer prestige.

The recent death of F. Frink, who has been treasurer of the grange since 1877, was a severe loss to the organization which adopted the following memorial tribute at its last meeting:

Stomach Troubles In Spring

Are THAT BILIOUS FEELING, bad taste in the mouth, dull headache, sleeplessness, poor appetite.

No matter how careful you are about eating, everything you take into your stomach turns sour, duses distress, pains and unpleasant gases. In this condition it is only a question of time when you will have a well developed case of dyspepsia, or possibly bilious fever.

Don't you understand what these symptomsthese signals of distress - mean?

They are the cries of the stomach for help! It is being overworked. It needs the peculiar tonic qualities and digestive strength to be found only in Hood's Sarsaparilla. We have combined in this medicine the best stomach remedies known to the medical profession, and thousands of grateful letters telling its cures prove it to be the greatest medicine for all stomach troubles ever yet discovered. Try it this Spring.

Mrs. Shelly, who writes the | time my body was covered with following letter, is the wife of Rev. D. H. Shelly, for forty years in the ministry of the United Brethren. By her kindly nature and gentle disposition she has won hundreds of friends, who rejoice in her restoration to health:

"I suffered for years with sour stomach, sometimes called water brash. I could not drink either cold or warm water because it would sour on my stomach. I was bloated and weighed over 200 pounds. My blood did not circulate properly, and if others around me were warm I seemed to be freezing. I had numbness in my right side and arms. The physician advised a thorough course of treatment with a blood medicine in the spring, as at that

scales caused by an affliction of dry eczema. Having commenced treatment with Hood's Sarsaparilla I continued taking the second bottle, after which I could sleep well. My digestion began to improve and I fell away in weight. I have little or no trouble from eczema now and my weight is 180 pounds, about normal. My food digests properly and I am not troubled with numbness. I am also able to drink cold water, a privilege which people do not fully appreciate until they are deprived of it. I think a great deal of Hood's Sarsaparilla and it certainly has effected very remarkable results." Mrs. D. H. SHELLY, 336 Youman Street, Ionia, Mich.

Every druggist sells Hood's Sarsaparilla. But be sure you get Hood's, and not a substitute. Hood's is Peculiar to Itself.

department and cause the city needless expense.

Director Price made a defense for the new music course. He said that the committee had made the change upon that strong recommendation of the music teacher, and that they could get along with the old chart except in the first and second grades, where the charts now in use are not far enough advanced. Further, the new books are cloth bound, while the old ones are paper covered. The price of the new book is less than the old one. The exchange rates are about the same.

price of the new book is less man the old one. The exchange rates are about the same.

Director Price also argued that the expense on the parents of children would in four years show that the new books would really save money.

Some discussion came up concerning the adoption of the vertical handwriting in the school department. Director Redington said that he never was in flavor of having children stand on their heads when they write. He said that he was in flavor of having the old Spencerian method of writing taught. The new method was adopted.

When the High School Committee's report came up Director Redington moved that, it be laid over until mext Monday alght. Mr. Redington's motion was sec-onded by Henry Merges. The motion

onded by Henry Menges. The motion was carried.
The report favored putting in seven new books in the High School, all of which Mr. Redington said he considered a source of needless expense. Director Powell said that the changes made had been recommended by the High School Faculty and that he was sure to delay would be of no benefit, and that the report would not be changed.
After the discussion of the reports the meeting adjourned. meeting adjourned.

So pure wish her all happiness and to the groom Mathes and Mrs. Brown. all congratulations for having won a fair and charming bride. There was a whole chime of wedding bells to peal in the chancel and the required relief of faint color was given in the wedding bells of white and pink carnations that hung from the arches. A feature of the wedding was the music that accompanied it, the vested choir of which Miss Sharon was a member singing the bridal chorus from Lohengrin-an arrangement much effective than any instrumenta-

A number of pretty ceremonies now seldom seen were revived. Miss Elsa von Mandersheid, who has, by the way, the most poetic name in California-was the flower girl, gracefully strewing rose petals in the path of the bride.

The bridesmaids entered at the side aisles and walked up the full length of the church, returning down the center misle to meet and escort the bride to the altar-another pretty idea seldom seen of laite. Their gowns of green crepe de chine were made with accordion effect and were elaborately appliqued with lace. Their bouquets were of ascension lillies and trailing asparagus fern and wreaths of white flowers, with ferns, were in their hair. They were the very incarnation and apotheosis of springdryads of girls. The maids were Miss Pauline Fore, Miss Pauline Lohse, Miss Enid Williams, Miss Ethel Valentine, Miss Charlotte Laws and Miss Jean Hush. The gown of the bride and her maid of honor were of crepe de chine, white, of with accordion pleatings and lace appliqued. The bride's gown had a beautiful lace overdress, drawn together with white ribbons. The bodice had a jacket of lace. Florence Sharon's gowns were always remarkable for the beautiful laces which she lavished upon them.

After the ceremony where was a bridal breakfast at the Sharon home at Piedmont, which was for the members of the bridal party and for the family. Of course there was a great crowd in the church, mostly of society people. But do you really think that it is good form to stand on the seats at a church wedding, even to see so charming a bride as Florence Sharon? This is only a goodnatured reminder. I do not know who did it-they weren't in my part of the church-but I do know that it was done and Dr. Ritchie and the vestrymen were very much shocked that invited guestssome of them of St. Paul's parish, too,should stand on the seats in this mannet. I can remember that I was taught it was bad form even to turn around in the seat in order to watch the bride as since they have been caricaturing Victoria to the daste of everybody except the impression that well-bred people should wait until the bride came to a point even with their pew, but I certainly aever heard that it was dignified to hop up on the seats. But times change, or course; times change, we'll be balancing on the pew backs.

At the Sharon home the rooms were decorated with long garlands of roses which stretched from one corner of the room to the other. Over these garlands long-stemmed roses were hung.

Mrs. Sharon's gown of pink and green brocade carried out the harmonious color scheme of the wedding. There was a perfeat hubbub of admiration over the pretty gifts-some of them being extremely costly and elegant.

Madame Nevada sent some pretty baubles, and among the gifts were several checks from the old friends of the bride's father-among them a check for \$1,000 from Mr. Newlands of Nevada-that is the sort of weading gifts to have, to my

The Langes are popular, Mrs. Lange is very pretty and they have been very much entertained. Mr. and Mrs. W. R. Mrs. Smith has been going after some of the ladies of the kindergarten board in a manner which is described in the language of the street as "hot and heavy." Last year each lady took twelve tickets to sell, and just after the celebration one of the ladies, of a rather economical bent of mind anyway, said, "Oh, Mrs. Smith, here are your tickets. I couldn't sell a single one."

"Why, didn't you go yourself?" said Mrs. Smith.

This year, that there may be no misunderstanding, Mrs. Smith has laid down the law, and each lady will have a certain number of tickets for sale. If these tickets are wot sold, the ticket seller takes them therself—alt any rate, she is expected to make ther returns in cash only. The result will be that the tickets will be sold. CHILDREN ENTERTAIN.
Kliaker Hall was the scene last evening of a very unique and interesting entertainment given by the members of the Junior League of the Methodist Church for the purpose of raising their subscription of \$50 towards paying off the mortgage on the church.

The program consisted in part of musical and literary selections by well-known artists from Berkeley and San Francisco.

A special feature was the rendition of then Ingelow's 'Song of Seven," by members of the League, who filiustrated it with some very prettily conceived tableaux. The little children contributed to the pleasure of the occasion by a flly drill wheth proved an attractive feature of the criterialment.

The event was the concert fiven under the management of Mrs. H. Rice for the purpose of raising funds for the benefit of the Methodist Church. Miss kice had been to great pains to prepare a program that would attract all music lovers and her efforts, were rewarded by large attendance.

One of the most attractive features of the concert was the rendition of a number of selections by the Knickerbocker Quartette of San Francisco, which is generally acknowledged to be the best male quartette on the Coast. FINE CONCERT.

EMERYVILLE

EMERYVILLE, May 5.-At the meeting FMERYVILLE, May 5.—At the meeting of the Town Trustees mext Monday evening Town Engineer Badger will report on the district to be assessed for the laying of sewers but that portion of sine town lying south of Temescal creek.

As now proposed the plan for a sewer system includes the laying of pipes on all the streets that have been dedicated to the town. Many of these streets have not as yet been opened, and as there are no houses on them the question is being raised as to the advisability of laying the sewers on such streets.

The entire subject is receiving the careful attention of the Trustees, who are trying to decide upon a just and consented plan.

LORIN, May 5.—The Ladies' Aid Society of the Park Congregational Church met yesterday afternoon at the home of Mrs. Caldwell on the corner of indeline and Fitty-eighth streets. COLUMBIAS ARE AHEAD

From the beginning COLUMBIAS have been the most largely used among bicycles of the highest grade, not because their makers were first in the field, but because neither time, labor nor expense has been spared to make them absolutely the best bicycles.

THE COLUMBIA BEVEL-GEAR CHAINLESS for 1900 is much lighter than the earlier models, has simplified adjustments, new gears, new frame, new hubs, new fork crown, new seat-post binder and in proved construction throughout. Price \$75. Models 59 and 60, \$60.

The new COLUMBIA, HARTFORD, STORMER and PERNANT chain wheels have every improvement possible to machines of the type. Prices \$50, \$35, \$30, \$25.

COLUMBIA COASTER BRAKE, for either chainless cochain models, \$5 extra when ordered with new 1900 machine.

The style of entertainment given by these expert fun makers has no rival, it is distinct and separate from anything else in the farce comedy world. The titular handle has no significance in connection with anything done on the stage. There is no plot, no reason, no sense, but it is all funny, and somehow it pleases. Perhaps because there is so much of the serious in life, we welcome this ridicular to be the fine welcome this ridicular to seems any need of, and invariably dressed one, nearly always larger than there is easy any need of, and invariably dressed one, nearly always larger than there is a musical farce review. The scenery is promised to be the finest ever given to a musical farce review. The costuming more varied and costly than ever before. The first half of the program is devoted to a charity bazaar under the patronage of Mrs. Waldorf Castoria, for the purpose of raising funds with which to build a home for destitute millionaires. The second half is a "Ladies Night" reception in the Millionaires Club.

They sing with the skill of artists, they dance with a rhythm and grace that are bewitching. They are not caricatures upon the performance of grown people. DEWEY THEATER.

There are but few who will dispute the claim that "Quo Vadis," the next attraction at the Dewey Theater, is the greatest play the world has ever seen. The adaptation of this voluminous narration is the biggest undertaking ever attempted in this city. The task is most difficult to give in brief the many dramatic episodes, the religious struggles and the romantic story of this powerful

THEATRICAL

history of Rome under Nero's reign. The subject is a massive one. A condensation of the famous novel has been made for dramatic purposes. The principal characters, their relations, together wish the religious spirit, has been the key-note to the novellist's painstaking story. While the dramatist deserves especial credit for leaving out the harrowing realism in dealing with the martyrdom of the Christians, their sufferings being suggested rather than portrayed.

As a spectacular production, "Quo Vadis" as it will be put on at the Dewey will be very remarkable. The staging and costumes would be highly creditable as designs for a whole season's run; but for the mounting of a brief stock season it denotes a very lavish expenditure upon this all important production, which is promised to distance anything ever seen in this city when the curtain rings up Monday evening.

GRAND OPERA HOUSE.

Their Trips.

"In Gay New York," is packing the Grand Opera House. It certainly presents a joyful entertainment and has introduced to the public several comic songs that are sure to have a long lease of popular favor. A second edition of "In Gay New York" will be presented on ty Monday evening. The management have we in preparation an elaborate production of the famous musical comedy. THE TIVOLI.

The Tivoli Opera House is enjoying a big boom with the comic opera, "The Wizard of the Nile." Considerable interest is being displayed in musical circles, as to the Tivol's next production of the opera, "The Magic Kiss," and the revival, later in the season, of "Madeline." or "The Magic Kiss," and the late Richard Stahl's masterplece, the opera, "The Sea King."

THE ALCAZAR.

Richard Stahl's masterplece, the opera, "The Sea King."

THE ALCAZAR.

"Sue" at the Alcazar will be followed by "The Great Diamond Robbery" next. Monday night. This play is considered one of the strongest melodramiae ever written, and the Alcazar management will give to the piece an entirely new stage dress with a cast of players quite to the occasion.

THE CALIFORNIA.

The Neil Company has given a very pleasing production of Nat Goodwin's comedy. "A Gilded Fool," at the California this week, and the audiences have been large and enthusiastic. Mr. Neil in the litle role scored a distinct hit. Tomorrow night Richard 'Mansfeld's great play, "A Parisian Romance," will be put on.

NOTICE TO VOTERS

REGISTRATION

Office of the County Clerk, · Alameda County, Cal.

MOTICE IS HEREBY given that in accordance with the provisions of Chapter 53 Statutes of 1899, all voters of Alameda County must apply for re-registration in orde. to be able to vote at the General Election in November.

Owing to the fact that there is no provision of law providing assistance for the Clerk to register voters, IT IS IMPORTANT THAT VOTERS SHOULD AP-PLY FOR REGISTRATION AT ONGE IN OF DER TO EXPEDITE THE WORK.

Such re-registration began on the 1st day of Jancary, and will be in progress at all times until forty days preceding the next election in November.

In order to facilitate the work of re-registration, attention is called to the provisions of Section 1097, which reads as follows:

Sec. 1097. No person's name must be enered by the Cherk, unless: Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry to be

at the next cusuing o 4.—In other cases, upon the affidavit of the party that he is or will be an elector of the county at the next succeeding election."

Further notice is hereby follows: given that Affidavits of Registration must be sworn to before the County Clerk or his deputies, and that they can not, owing to the provisions of the new Registration Law, be sworn to before any other cafficer.

The office of the County Clerk will be, until further notice, open for registration from Nine A.M. until Five P. M. each day.

Say, why should man be less than these. The happy birds, the hearding bees? The happy birds, the hearding bees?—Joaquin Miller, "The Building of the City Beautiful," Chap. XX., p. 182, Third Edition.

There is a great number of noblemen among you, that are themselves as idle as drones, that subsist on other men's labor, on the labor of their tenants, whom, to raise their revenues, they pare to the quick.—Sir Thomas Moore 1516, Utopia, Book I.

HOW I CAME TO BE A SINGLE TAXER.

In 1856 Henry George received 65.50 votes for Mayor of New York, and was not elected. Theodore Roosevelt received 60.00 votes, Abram S. Hewitt received for 100 votes, and was elected. Previous to this I knew of Henry George only from casual newspaper mention, but I now said to myself the man that can, all of a sudden, command 68.000 votes for

the acquaintances of single taxers, except to be doubly confirmed in the faith by Mr. William Lloyd Garrison's introduction and Henry George's address before the Typographical Union, and a Tremout Temple full of people on February 22, 1889. In 1829 Mr. W. Burhenne, an upholsterer by trade, an intelligent and ardent man, called to know if I would stand for the office of treasurer of the Massachusetts Single Tax League, Mr. Garrison having then been president for one or two years. Having attended one annual dinner of the league at the

After another three years there began a period of growing activity. In February, 1895, came the Wakefield campaign with its week of protracted meetings. Monday evening, Mr. William Lloyd Garrison; Tuesday evening, Rev. Samuel Brazier: Wednesday evening, Mrs. Brazier: Thursday evening, Mrs. Eliza, Stowe Twitchell; Friday evening, Dr. W. Syminaton Brown; Saturday evening, Mr. Brazier.

Mr. Wakefield, instead of being a glerfous victory, was a sort of drawn bat-

and are looking for many more days come.

In the fall of 1895 came the Delaware campaign. Mr. Garrison went on and spoke in the series of Sunday evening opera house meetings at Wilmington, and the Massachusetts League sent \$1.700, the proceeds of two dinner collections. In the season of 1896-7 the Boston banquets began, and will, it is hoped, close their fourth season with one more harquet, the twelfth, in the coming spring.

In 1896 I tried to read "Progress and In 1996 I tried to read "Progress and Poverty," but did not do it until several years later. I would not now recommend anybne else to begin with this book, which is so exhaustive in more senses than one to the average mind. Meantime. "Social Problems" had thished whatever the Standard might have left undone, but the climax came, to my mind, with "The Condition of Labor" in 1991. "The Perplexed Philosopher" insense of the provention of the p

"The Land Question and Property in Land" aided fuel to the fire of conviction. Then came Mr. Sherman's book to show "how it would work," and to clear away many objections. Most of my thoughts ever since has been given meeting objections, sure-footed always in the spirit and the principle, if not always in the letter.

Why is it that when the right of a thing comes like revelation, the application should come with doubt and misgivings, and that objections, endless, but always superficial, drag their slow length and commit our ways thereto? right and commit our ways thereto? Not only with enthusiasm, but coldly, indicially, I can say that to me the single tax is the universal solvent of all questions involving the mutual relation between God and man, so far as this relation bears upon the material well being of munkind and the Creator's responsibility therefore.

As wrong begets wrong, so the righting of a great, institutional, unconscious wrong will do more than all else to drive selfishness and the injustice born of selfishness, from the individual heart, and make men conscious of their brotherhood,

now said to myself the man that can, all of a sudden, command 68,000 votes for Mayor of New York, I cannot afford not to know something of. I immediately subscribed to and read the Standard' which was, of course, prominently mentioned as the single tax organ, under Mr. George's editorship, With the reading of the first few numbers I was instantaneously converted to the doctrine of the right of all men, instead of a few, to the use of God's continuing bounty, and have never since had a backslide or a misgiving. It was enough for me that this doctrine was right. The Standard suspended in 1892.
